

SAVAGE POINT

CONSULTING INC.

April 23, 2025

To Whom It May Concern,

I have had the opportunity and pleasure of working with Daniel Heath and Heath Engineering on multiple projects. Heath Engineering, under Daniel's leadership, has proven to be a valuable partner in showcasing innovative design solutions in both standard and complex construction scenarios. Their collaborative approach and openness to exploring diverse ideas contribute significantly to added value for clients, often resulting in time and cost savings.

I would highly suggest contacting Heath Engineering for your next structural engineering requirement.

Please do not hesitate to contact me if you have any additional questions.

Best regards,
