Daniel Heath  
Heath Engineering Limited

Dear Daniel,

I wanted to take a moment to personally thank you and Heath Engineering Limited for the outstanding support you have provided to Westcor Construction Ltd across multiple projects. Your contributions have been instrumental in helping us deliver on our commitments with precision and confidence.

Your professionalism, responsiveness, and collaborative spirit have made you not just a reliable engineering partner, but a true extension of our project teams. You've consistently demonstrated a deep respect for our values and a clear alignment with Westcor's vision to Build a Better World. That kind of investment and integrity is rare—and deeply appreciated.

We consider Heath Engineering a fantastic design partner, and I would not hesitate to recommend your services to others. Please feel free to share this letter as a reflection of the trust and respect you've earned through your work with us—it's well deserved.

Looking forward to many more successful collaborations.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kyle Morgan'.
